NATIONALITY	VISA STATUS	AVAILABILITY
German	Needs UAE work visa	Immediate · ready to relocate to Dubai

PROFILE

I started my first online business at 15, taught myself software development to grow it, and have been building ever since. Now I am going all-in on sales. I have already won clients door to door and made over 200 cold dials in a single day. Native in German and fluent in English, I can win and serve German-speaking clients in their own language. I need no long ramp-up: I am on the phone from day one. Moving to Dubai to stay, available immediately.

200+ cold dials in a single day	**4** appointments booked on day one, no training	**10** clients won door to door	**15** my age when I launched my first online store

SALES EXPERIENCE

Self-employed – Window Cleaning (B2B & B2C) 09/2026
Mannheim, Germany

- Set up the service on my own and found every client through door-to-door cold outreach.
- Won 8 business clients (hair salons, retail shops, an antique store) and 2 private households.
- Ran the full cycle: prospecting, pitching, handling objections, closing and delivering the work.

Outbound Sales – Trial Day 02/2026
Hammerjobs · B2B recruitment agency

- Made over 200 cold dials to businesses in one day and booked 4 appointments without any prior training.

Internship – Customer Service & Administration 2025
ColoRoyal · leather & vinyl repair, Germany

- Looked after customers, wrote invoices and assisted with repair work.

ENTREPRENEURSHIP & PROJECTS

Founder – E-commerce Store (Dropshipping) Age 15–16

- Ran my own online store: product selection, marketing and customer communication.
- Taught myself to code so I could build store extensions that raised the conversion rate.

Co-Founder – Oreon (on-device AI assistant) Pre-launch

- Building an AI hardware start-up with my co-founder in Vienna. I own software, architecture and hardware selection; we share marketing.

Self-taught Software Developer Since age 15

- Built several iOS and macOS apps, including a camera and video-editing app, plus automations and local AI tools.

EDUCATION

Fachhochschulreife (Grade 12, German upper secondary qualification) 07/2026
